

The capacity of shared storage pool could increase later?

CVK Storage pool Shared file system **Limengru** 2021-12-24 14:05:43 Published

Problem Description

The capacity of shared storage pool could increase later?

Solution

It is not recommended to add storage pools online. There is a risk of data loss. Unless all the data in it is migrated, you can reformat the expanded storage volume. You can also choose how to add a shared storage pool
